WSSP-380C

WSSP-730UC

WSSP-730U

Product Name	Model	Dimension(W*D*H)	Power	Capacity	Temp. Range
Mechanical Type U-Shaped Steamer Display	WSSP-730U	400*482*730(mm)	220V 50Hz 900W	5 Layers	Room Temp. to 100°C
Mechanical Type Square Steamer Display	WSSP-380	380*432*770(mm)	220V 50Hz 900W	5 Layers	Room Temp. to 100°C
Digital Type U-Shaped Steamer Display	WSSP-730UC	400*482*730(mm)	220V 50Hz 1.1kW	5 Layers	Room Temp. to 100°C
Digital Type Square Steamer Display	WSSP-380C	380*432*770(mm)	220V 50Hz 900W	5 Layers	Room Temp. to 100°C

Commercial Microwave Oven

FEATURES:

- All stainless steel body-durable and water-resistant. No mechanical rotary table, making full use of space.
- Enhanced commercial design which is fit for commercial use at rush hour.
- Free of dead corners to ensure the food safety.

- Memory menu, one button operation function. Double the cooking time automatically setting is available when cooking extra proportion of food.
- Stronger protection from microwave leakage.
- Thress-dimensional microwave heating up and down, double microwave emission system, fast speed of heating food.

Product Name	Model	Dimension(W*D*H)	Power	Capacity
Commercial Microwave Oven	WMT-420T	420*563*340(mm)	220V 50Hz 1.7KW	17L

Sweet Potato Baking Machine

FEATURES:

- All stainless steel tank, convenient to clean and ensure the food hygiene safety.
- Multi heater three-dimensional distribution inside, roasted evenly and energy saving .
- Take out the food from the drawer, fast and convenient. The operation process is smooth.

- Upper part is equipped with heat-retaining pebbles for display, making full use of energy in keeping food warm and saving more energy ,display effect is good !
- Warming and heating switch function, the timer controls the baking time.

Product Name	Model	Dimension(W*D*H)	Power	Temp. Range
Baked Sweet Potato Machine	WOH-445	445*345*339/557(mm)	220V 50Hz 0.6kW	Room Temp. to 100°C
